Careful sourcing and social

Responsibility

As a respected supplier, we at C.S.S. feel it is our responsibility to source our products ethically and to ensure the resources and labour we use are taken in an ethical and sustainable manner.

Our product manufacturers and suppliers are carefully selected with a particular focus on Quality, Ethics, Sustainability and sound Environmental practices.

At all times we treat our Customers, Suppliers and Staff with Respect, 100% Honesty and are committed to providing a first class service that exceeds expectation.

You can be confident that with C.S.S. you are using Premium Quality products that are fairly and ethically traded, supplied by an ISO 9001:2008 certified company.

Bean to Cup Coffee

An absolute must for the real Coffee aficionados looking for the freshest Coffee possible, straight from the Bean.

Freshly ground and freshly brewed, inhale the deep aroma of one of our range of specially prepared coffee blends, designed using a subtle balance of Arabica and Robusta beans carefully selected from around the world and expertly roasted to perfection. A rich creamy taste with no bitterness or unpleasant acidity and a pleasing aftertaste are the signature of our coffee.

Finding the right coffee machine can be a daunting task, with so many to choose from.

Paying particular attention to reliability, C.S.S. are proud to combine their premium quality coffees with stylish dispensing systems. Get aesthetic appeal, functionality, good hygiene and ease of use all in one simple system.

With C.S.S. you can be assured that our experienced advisors are certain to find the perfect beverage solution for any requirement.

instant coffee

If rapid, constant service is a priority, then look no further than our comprehensive range of Instant soluble beverage systems, which can dispense a cup of coffee in under 5 seconds. Offering up to 11 speciality drink selections including Hot Water and a Jug facility, this really is the ideal, Front of House solution for any Restaurant, Hotel, Bar or Office.

Our fabulous range of premium quality Coffee, Cappuccino topping, Chocolate and Tea, containing both Branded and Non-Branded products, have been carefully selected to ensure ideal suitability for use in our dispensing systems.

filter coffee

From the small office pour over to the Large Hotel coping with a busy breakfast or banqueting, our Filter Coffee Dispensers truly are the ideal solution, capable of producing up to 520 cups of Coffee per hour, in addition to large amounts of Hot Water for Tea. Low volume to High Volume, we will provide the perfect dispenser that will cope effortlessly with even the most demanding of situations.

With C.S.S. it may be bulk brew, but it will definitely be a high quality brew from our range of Fresh Filter Coffee, expertly roasted and ground to perfection.

If you want to know how good our services are, then give us a try... you won't go back!

A fluid service in more ways than one...
